Ulm University: Master Online Advanced Oncology

Privacy statement:

Ulm University takes the protection of personal data very seriously. We have implemented technical and organisational measures to ensure that privacy regulations are observed, i.e. your data are collected, stored and used for the proper fulfilment of tasks. Your data - if marked with an asterisk - and the indicated documents are required in order to process your application for admission. This is legally based on section 12 (1) of the Law on Higher Education of the Land of Baden-Württemberg and sections 1,2,3 of the Higher Education Data Protection Regulations as well as the Higher Education Admissions Law and the Rules on the Allocation of Study Places in Higher Education. Without these data and the relevant documents your application cannot be processed. The data fields marked as optional are not required for the processing of your application for admission.

In connection with your access to our server, data will be stored for security purposes which could possibly permit identification (e.g. IP address, date and time). The IP address will not be used to identify the user and no user profile will be created, neither directly related to the person nor for identification purposes. We reserve the right to carry out statistical reporting on anonymous data records. You are entitled to submit an application for information on the data stored by Ulm University, to be provided this information without charge and to request correction of incorrectly stored data. Please address your written request for information and correction to the Admissions Department of Ulm University.
